Innovate

Newable

More than just investment, we are a trusted partner, supporting and empowering management teams to deliver the next phase of growth.

Our mission

Through reliable, long term investment, we help profitable, well-established UK SMEs in the £1m - £3m EBITDA market.

We invest in sectors where we can make a positive contribution, and apply our industry knowledge and expertise to enhance future growth.

Our investment is a genuine alternative to a trade sale, helping founders through the succession journey from principal shareholders to an ambitious management team.

Making a positive impact

We are committed to sustainable growth and having a positive impact on the companies we invest in, the societies they operate in, and our shared environment.

A network of support

Newable Capital is part of the Newable Group. For over 40 years, Newable has supported 43,000 businesses a year, helping them to thrive. With the large range of services that Newable Group offers, Newable Capital provides more than just investment.

As a Newable Capital portfolio company, you can make use of our additional resources and expertise to help you to thrive. We work with ambitious businesses, helping them navigate through the next stages of business growth.
